Team, just a bit more clarification on the April Suggestion.

Since we have not been out there in about a 1yr, I thought it would be a good idea to have this information session to show we are still active and have plans to move forward. I am thinking about a poster session-open house set up where folks can come and go as they please and ask questions in a more direct and personal setting with us. I was thinking about providing posters and information around a room where folks could peruse and read, etc. Perhaps, have a factsheet that they can take home. No formal presentation.

What do you think? Perhaps, a conference call next week to talk about it?

Send you available time for Tuesday through Friday and I will block a time.

thanks

Todd,
Thank you very much. We are in the planning process for a meeting/poster session sometime in April. Could you let me know what date would be the best for your group.
Thanks again,
Bill

I just talked to Todd, he is in the field. He has plans to meet with Katrina here at DEQ and then at the site later this month. He is going to talk this over with Katrina then.

Thanks!
Amy

Subject: Wilcox

Skylar,

Hello, I wanted to touch base on the Wilcox Site and update you on a few things. The site has changed RPMs and Katrina Coltrain now has the Site. I spoke with her about a possible fact sheet or meeting to update the community on what's going on at the site. She was thinking about an open house/ poster session, where people could walk around and ask questions. I wanted to get your opinion on the community needs or what plans ODEQ has in relation to the site.

Thanks,
Bill
